

Industrial Engineer

Nautique Boat Company – Orlando, FL

Employment Status: Full time

Job Description:

Reporting to the Director of Operations, the Industrial Engineer will work directly with other Industrial Engineers, Production Managers, Quality Control, and Product Design and Development Teams to eliminate waste. They will devise efficient ways to use workers, machines, materials, information, and energy to make better products and improve processes. Daily responsibility is focused on but not limited to safety, quality, manufacturing, model integration, and supporting strategic goals.

Responsibilities:

- Lead the advancement and implementation of lean manufacturing initiatives in production.
- Coordinate problem solving activities on plant floor with multi-department resources.
- Establish operational methods and work standards using various work measurement techniques.
- Optimize use of floor space, materials, personnel, and equipment.
- Support manufacturing production teams to improve efficiency and resolve issues.
- Analyze existing operations and propose cost justified improvements.
- Optimize employee production and material efficiency through continuous improvement.
- Maintain high quality standards through on-the-floor interaction with employees to ensure quality and accuracy in each step of the production process.
- Play a key role in implementation of new processes, equipment, and products.
- Evaluate and design ergonomic workstations and material handling systems.
- Initiate, plan, execute, and control strategic projects to accomplish operations' strategic goals.

Preferred Qualifications:

- Four (4) year post-secondary degree, with a focus in industrial engineering or manufacturing.
- Experience in a manufacturing/operations environment.
- Strong lean manufacturing experience especially in continuous improvement, elimination of waste, 5S, Kaizen events, value stream mapping and visual management.
- Able to initiate, plan, direct, and execute process improvement projects.

NAUTIQUE®

NAUTIQUE[®]

Celebrating 91 years of excellence in the marine industry, Nautique is a subsidiary of Correct Craft and has been on the waters of the world with a passion for innovation since 1925. Nautique is known to push the envelope of possibility on the water, and our owners have come to expect nothing but the absolute best. The Ski Nautique 200 has changed waterskiing with 19 world records, the G-Series has won numerous awards for wakeboard boat and wakesurf boat of the year while unlocking new possibilities in wakeboarding and wakesurfing, and our Sport Series has given families endless days on the water without compromise. Through our Nautique Cares initiatives we're dedicated to not only making a difference on the water, but to people in need around the world. The world's best ski boat, world's best wake boat, and a company that cares. To learn more visit [Nautique.com](https://www.nautique.com).
